Subject: Final recommended Agenda

#### Nakeba.

We (Najma, Desiree, Kerri and I) met and recommend that we hear from you with updates on the first day instead of the 2nd day and to give you more time with updates and questions (long-winded directors \*\*). I've revised the agenda to reflect this recommendation (attached).

### Additional questions are:

- 1. LSCI Training Recertification is coming up this spring for those 5 who were initially certified Can travel / recertification be paid for by the DOE Budget for these 5 since they support the whole network? Or can programs be reimbursed by the DOE?
- 2. Q&A Directors would like a follow-up Question & Answer session from you on the following to review the expectations for the remainder of the year for our mandated interventions. Please also reiterate due dates.

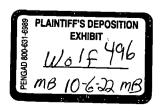

What are the next steps for each of these areas? (You may already have planned to discuss these in your update).

- iReady
- BASC-3 /Flex Monitoring
- SDQ
- FBA/BIP
- Trauma Informed Care
- 3. Where are we on the **GNETS Rule** passing? (You have the GNETS Rule on the update and may already be addressing).
- **4.** We also had some discussion about **MindSet** Instructors are needed network wide. Marshall Siler has told DcKalb-Rockdale he will not train them. Steve McMahan is also a trainer for MindSet who has partnered with Marshall to train so he may be an option as well. This is just fyi. I can talk about this briefly when we open the meeting.

Attached is the final recommended agenda. If it is okay with you, I'll go ahead and send it to Directors.

Thanks!

Pat
